I know this funky little place
                                        DD A
it's on the lake off Whiskey road,
A
Where there's a tiny little tin roof shack
                             DD A
and the grass is overgrown
             D
It's got a boat that full of holes
                                     A DD A
drive er fast enough and she'll still float
A   **E**
But there's grill that's always hot

And the beer is ice cold

There's room for everybody on these old pine boards..

[Chorus]
           D   **D**
We make that dock rock, dock rock

Come see what you're missin,
        A
Got that lake side, sun shine, fishin disposition,
     E
Pumpin wattage through the cottage and we're ready to roll
D
Ain't no sign to get here you just follow the smoke
               A   **DD A**
To where the dock rocks
A   **DD A**
Yeah we make that dock rock
