D
She raddled the ice in my plastic cup
Em
I said "Yes mam", fill her up
G **D**
Tell me something good that I don't know

'Cause this world's been kicking my behind

Life ain't been a friend of mine
G **D**
Lately I've been feeling kinda low

[Pre-Chorus]

D **Em**
And she looked back over her shoulder
G **D**
Pointing at the sign hanging up on the wall

It said

[Chorus]

D **Em**
Everything's gonna be alright
G **D**
Everything's gonna be alright
D
And nobody's gotta worry 'bout nothing
Em
Don't go hitting that panic button
G **D**
It ain't worth spilling your drink
D **Em**
Everything's gonna be alright
G **D**
Alright, alright

[Verse]

D
So I nodded my head and said that's for sure
Em
Dropped a few bucks in the mason jar
G **D**
Felt those good old neon vibes on me
D
And whatever monkey that was on my back
Em
He jumped off just like that
G **D**
Right into the deep blue sea

[Pre-Chorus]

D **Em**
And I looked back over her shoulder
G **D**
Thinking 'bout the sign hanging up on the wall

That said

Everything's gonna be alright
G **D**
Everything's gonna be alright
D
Nobody's gotta worry 'bout nothing
Em
Don't go hitting that panic button

It ain't near as bad as you think

Everything's gonna be alright
G **D**
Alright, alright

There ain't no doubt it's gonna work out

Come on, sing it with me
