| C | Dm | G | G |

[Chorus 1]

Four strong winds that blow lonely  
Seven seas that run high  
All those things that don't change,  
come what may  
If the good times are all gone  
Then I'm bound for moving on  
I'll look for you if I'm ever back this way

[Verse 1]

I think I'll go out to Alberta  
Weather's good there in the fall  
I've got some friends that I can go working for  
Still I wish you'd change your mind  
If I ask you one more time  
But we've been through this a hundred times or more

[Chorus 2]

Four strong winds that blow lonely  
Seven seas that run high  
All those things that don't change,  
come what may  
If the good times are all gone  
Then I'm bound for moving on  
I'll look for you if I'm ever back this way

[Verse 2]

          C                          Dm  
If I get there before the snow flies,  
          G                          C  
And if things are looking good  
          C                          Dm                          G      G  
You could meet me if I sent you down the fare  
          C                          Dm  
But by then it would be winter  
          G                          C  
Not too much for you to do  
          Dm                          F                          G      G  
And those winds sure can blow cold way out there

[Chorus 3]

          C                          Dm  
Four strong winds that blow lonely  
          G                          C  
Seven seas that run high  
          C                          Dm  
All those things that don't change  
          G      G  
come what may  
          C                          Dm  
If the good times are all gone  
          G                          C  
Then I'm bound for moving on  
          Dm                          F                          G      G  
I'll look for you if I'm ever back this way
