Capo 6

[Intro]

Am F C G

[Verse]

Am F C

Jack and Jill went up the hill to get a little high

G
Sat and talked for hours how they wanted more from life
Am C

She promised him forever as she looked him in the eyes
G

Little did Jack know that every word of it was lies

[Chorus]

Am F
And it all came tumbling down When he found out she's sleeping around
C G

Oh, where does it leave those promises now?
Am F

King of the hill but she's broken his crown And his heart sinks, his head's in the clouds
C G

She left him so low with her goodbye

Am F C G
Now Jack's just getting high... Oh, now Jack's just getting high and high and high

Am F C G
Now Jack's just getting high .. Oh, now, yeah, Jack's just getting high and high and high

[Verse]

Am F C
Sometimes Jill goes up the hill to think back on those times
G

Looks out on the world, wonders what Jack made of his life
Am C

She promised him forever when she looked him in the eyes
G

She knew then that every single word of it was lies

[Chorus]

Am F
And it all came tumbling down When she found out he's moved out of town
C G Am

What goes 'round always comes back around If only she hadn't broken his crown

Maybe Jack would be with her now, She wasted all her time with other guys
