# Liar -Jelly Roll

```
Capo 1st fret
[Intro]
Am
[Verse 1]
Am                                C
I, I let you drive around my mind, I can't count the times
    Dm                                          F         E
You made me feel like I'm nothin', Played me like a fool, like a fool
[Pre-Chorus]
        Am
Sayin' "Drink another whiskey,  Pop another pill
C
Money makes you happy, Heaven isn't real
Dm
You won't find nobody to love
              F           E
Because your heart's too broke", Now I know
[Chorus]
                          Am                                      C
You ain't nothin' but a liar, Yeah, I walked right out the fire
                          F
Yeah, you try to keep me down, Try to put me underground
                    E                             Am
But I'm only going higher, I can hear you in my head, in my bed
                                    C
When I'm dreaming, You try to be my friend
                                  F
But you're blowing smoke, Oh, and now, I ain't scared of
                              E
Tellin' you where you can go, 'Cause I know, you're nothin' but a...
[Verse 2]
Am
Lie
                        C
You burned me one too many times
                    Dm
Like a devil in disguise, hiding your true colors
      F         E
Just leave me alone, keep leading me on
[Pre-Chorus]
        Am
Sayin' "Drink another whiskey, Pop another pill
```

# Liar -Jelly Roll

```
C
Money makes you happy, Heaven isn't real
Dm                                              F           E
You won't find nobody to love, Because your heart's too broke"
Now I know
[Chorus]
                              Am                                    C
You ain't nothin' but a liar, Yeah, I walked right out the fire
                              F
Yeah, you try to keep me down, Try to put me underground
                      E
But I'm only going higher
                        Am
I can hear you in my head, in my bed. When I'm dreaming
                    C
You try to be my friend, But you're blowing smoke
        F                                             E
Oh, and now, I ain't scared of,  Tellin' you where you can go
'Cause I know
[Guitar Solo]
                        Am   C   F   E
You're nothin' but a liar
[Bridge]
          Am                             F               E
If I was doin' what you do,  You would swear I poisoned you
[Chorus]
                              Am                                    C
You're nothin' but a liar (Liar), Yeah, I walked right out the fire (Fire)
                            F
Yeah, you try to keep me down, Try to put me underground
                        E                          Am
But I'm only going higher, I can hear you in my head, in my bed
When I'm dreaming
                      C
You try to be my friend, But you're blowing smoke
        F                                             E
Oh, and now, I ain't scared of, Tellin' you where you can go
'Cause I know
                        N.C.
You're nothin' but a liar
```
