[Verse 1]

C **G**
I didn't think I was a bad guy

D **G**
I knew that you were good

C **G**
You were golden on the inside

D
And you loved me the best you could

C **G**
I'm the one who dropped the ball

D **Em**
Got you high and let you fall

C **G** **D**
Let the best thing I ever had slip away

[Chorus]

C **G**
What does that say about me

D **G**
That I could do you like I did

C **G**
That I could break an angel's wings

D
What does that say about me

C **G**
That I stood there like a fencepost

D **Em**
As you drove off in your car

C **G**
What does that say about me

D **C G D**
Now that I've broke your pretty heart

C G D
Your pretty heart

[Verse 2]

I've been drinking like a drunkard
In these Austin neon light
Burning smokes and wondering
If there's anything I've done right
Well I wish that I could go back
Hang on to what I had
Guess that's all, babe Nothing but a dream
[Chorus]

What does that say about me
That I could do you like I did
That I could break an angel's wings
What does that say about me
That I stood there like a fencepost
As you drove off in your car
What does that say about me
Now that I've broke your pretty heart
Your pretty heart
