Say You Do chords by Dierks Bentley (Ver 2)

Tuning: **E A D G B E**   Capo: 1st fret

```
[Into] D x4 Bars
[Verse 1]
        D
Don't worry about the damage done
     D                                           G
Just let those words roll off your tongue
                    Em
Even if you're lyin'
       D
If you really don't mean it, I don't care
       D                                         G
If you need a little buzz to get you there
G             Em
Then baby I'm buyin'

[Chorus]
            D
Well couldn't you say you do, say you might for tonight
        G
Have a heart, bend the truth, even if you don't, couldn't you
          D
Mess me up, get in my head, steal my t-shirt, wreck my bed
          G                                                      Bm  D
All night long like you used to, even if you don't couldn't you say you do
D x 2Bars

[Verse 2]
        D
Yeah baby, I'm begging you to lead me on
     D                                           G
Say it feels good to be back in my arms
G             Em
And then don't call me
        D
I don't mind a little smoke gettin' in my eyes
        D                             Bm
Baby, take your hands, take your lies
G             Em
And lay 'em on me
