Man It's been a minute since I've woke up like this

G

But it ain't my first time I hate to admit it

C

Sometimes it just happens, and sometimes it don't

G

I never see it coming, it's out of my control

D

C

It felt so real wish I could go back now, yeah ah
N.C.

A good ol' boy knows what I'm talking about

CHORUS:

G

'Cause I had a wet dream just me and my dingy

G

Out on the water with that old bobber sinking

C

Cold can in my left, and rod in my right

G

I ain't ever pulled bass like that in my life

Wet Dreams by Austin Burke

D

I was somewhere on the lake

VERSE;

The sun was setting' I was moonlight fishin'

G

My two-stroke was burning nocturnal emissions

C

I motor-boated through the big ol' buoys on the bay

G

It was hard to tell then but it turns out they were fake

D

As my alarm started ringin', that sun hit my eyes

C N.C.

And man this country boy done realized

CHORUS:

G

I had a wet dream just me and my dingy

G

Out on the water with that old bobber sinking

C

Cold can in my left, and rod in my right

I ain't ever pulled bass like that in my life
